Mr. Ray Rinaldi
THE SCRANTON TRIBUNE

Carbondale, PA 18407

Dear Ray:

At one time, as you know, there were three "Carbondale" historical markers that were erected by the Pennsylvania Historical and Museum Commission at the three primary entrances to the city of Carbondale: White's Crossing, Fallbrook Road, and Route 6. The White's Crossing historical marker is still standing and in good condition. The Fallbrook Road historical marker has disappeared. The Route 6 historical marker was recently knocked down and badly damaged by a motor vehicle.

The Committee to Restore Carbondale City Hall, an independent group of Carbondale citizens who are interested in preserving and celebrating Carbondale's architectural and cultural heritage, has rescued this badly damaged historical marker and has had it restored. In order that this historical marker might be read by the greatest number of people possible, the Committee will install it in the small plot of land on the City Hall lot between Carbondale City Hall and the Columbia Hose Company.

I am writing you this letter to invite you to attend, and to participate in (should you be interested in doing so), the ceremonies at 10 A.M. on Saturday, September 25, 1982, at which this historical marker will be installed and formally re-dedicated.

Sincerely yours,

S. Robert Powell
